Universiti Sains Malaysia  
11800, Pulau Pinang  
Malaysia

Office : +604-853 5350,  
+604-853 5374, +604-853  
5375, +604-853 5373  
[rujukan@usm.my](mailto:rujukan@usm.my)

### **Mission**

To be an Academic and Research library that owns valuable resources and render quality services to support Universiti Sains Malaysia as an excellent higher learning institution in teaching, learning, research, negotiation and human development which also contribute towards knowledge improvement.

Research Support Training@USM Library provides a range of workshops to develop further your research skills. All training will be conducted through hands-on and facilitate by experienced librarians. For any inquiries, on-demand consultations can be requested.

### The details offered through the Research Support Training are:

01

#### **INFORMATION LITERACY SKILLS**

Find out how to carry out thorough, efficient and effective searches using USM Krisalis and scholarly information resources

02

#### **RESEARCH INFORMATION SKILLS : PART 1**

Explore some of the useful research-related platforms/websites which can be used to find high quality articles related to your topic

03

#### **RESEARCH INFORMATION SKILLS : PART 2**

This workshop designed to identify the best journals to publish your research articles and identify the best strategy to make your research outputs more visible and receive high impact.

04

#### **GOOGLE SCHOLAR FOR RESEARCH**

Harness the power of Google to find scholarly materials to support your research, find out how advanced Google functions can enhance the quality and efficiency of your searches

05

#### **EASY TO WRITE WITH MS WORD**

Explore and configure a right technique in formatting your writing based on thesis guidelines and preparation.

06

#### **NVIVO**

Software that supports qualitative and mixed methods research. Its designed to help you organize, analyse and find insights in unstructured or qualitative data.

07

#### **MENDELEY**

Mendeley is a free reference manager and academic social network. You can make your own fully-searchable library in seconds, cite as you write, and read and annotate your PDFs on any device

08

#### **ENDNOTE**

EndNote allow you to create your own online Library of the material you have found and then generate In-text Citations and a Bibliography as you write your essay.

09

#### **GOOGLE DRIVE: YOUR RESEARCH SUPPORT TOOLS**

Google Drive is a personal cloud storage service that lets users store and synchronize digital content.

10

#### **LETS WORK SMART ON OPEN ACCESS SCHOLARLY PUBLICATION**

Deciding where and how to publish is an important step in the research process. This workshop will cover open access publishing, the Universitys Research Repository, other factors to consider, and introduce tools and guides to help
